TITLE: METHOD FOR ADJUSTING PROFIT OF AUCTION AND AUCTION DEVICE

PUBN-DATE: June 29, 2006

INVENTOR-INFORMATION:

NAME

COUNTRY

TOKUNAGA, TAKUYA

ABSTRACT:

PROBLEM TO BE SOLVED: To reduce legal risk at the time of exhibiting the gift of a prize.

SOLUTION: The limit sum of a profit to be provided to a winner as a gift is preliminarily set in an auction device by a provider who offers a prize on legal constraint or the other constraints, and when the successful bid price of the auction exceeds the limit sum, the difference between the bid price and the limit sum is paid to the provider. In the auction device, the value of the minimum successful bid price is restricted to the value of the limit sum or less, and a system for securing $P \leq S_{n+1}$ (P is the successful bid price and S_{n+1} is the minimum successful bid price of the next exhibit of the minimum successful bid price) as a system for deciding the successful bid price.
